

LET'S WRAP  
THINGS UP!

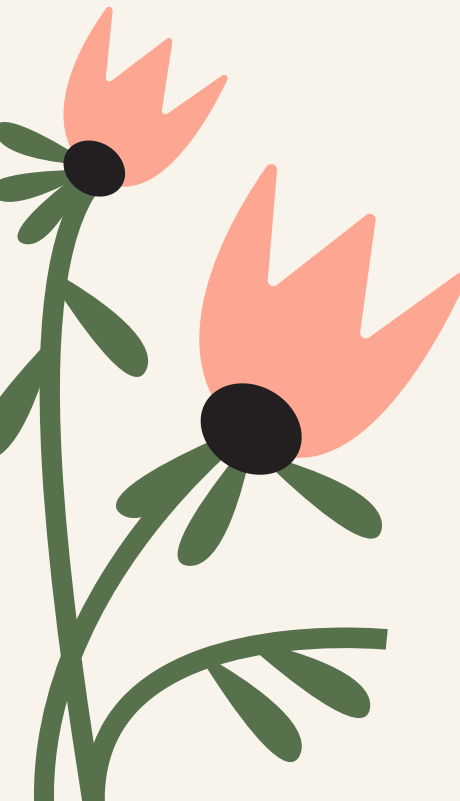

Week 6

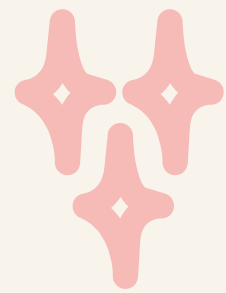

# ICE BREAKER

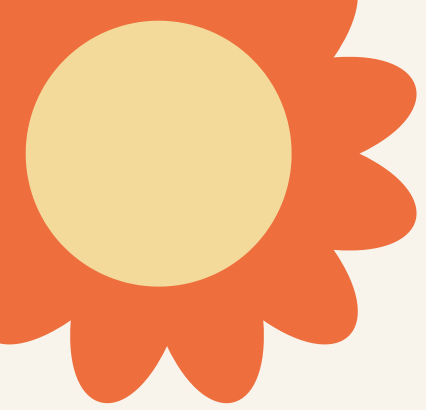

Who's your role model, why do  
you like them, and how do they  
inspire you?

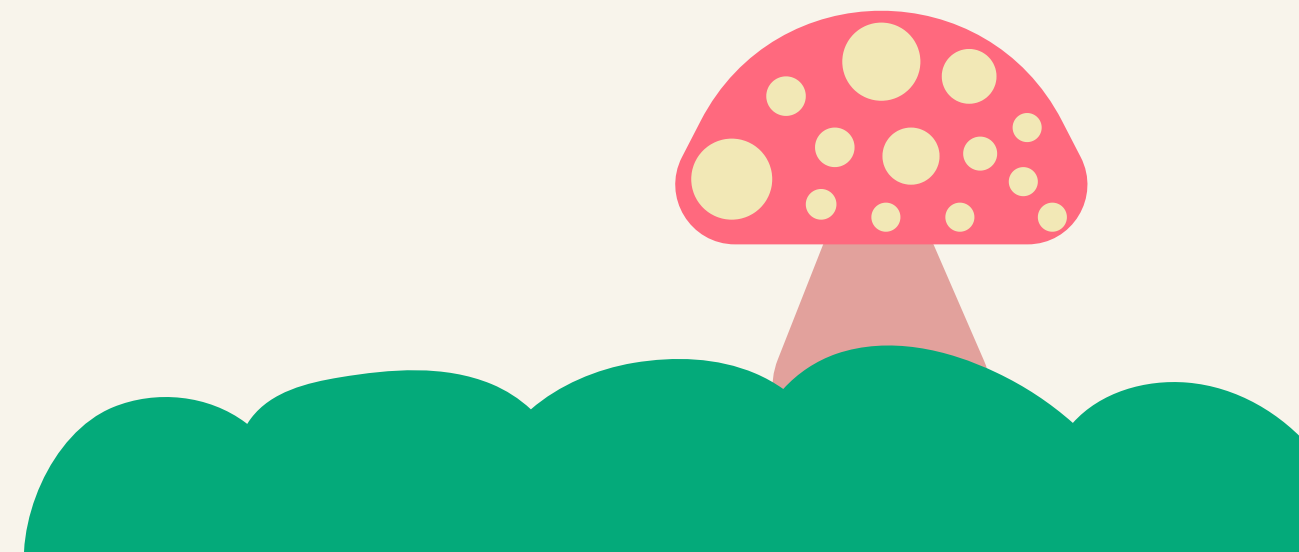

LET'S MAKE YOUR  
WEBSITE MORE  
FANCY :)

# PUBLISHING YOUR WEBSITE

# INTRODUCING GLITCH

Glitch is an awesome platform that lets you build, code, and share your web projects. It's perfect for beginners like you because it takes care of a lot of technical details, allowing you to focus on creating. Plus, you can collaborate with friends on the same project! This means you can work together on your website and make it even better.

# CONCLUSION

Today we published your website,  
and you can share the link with  
your friends!
